## WORKSHEET

CHAPTER:- 12 The Earliest humans

CLASS: V

SUB :-SOCIAL STUDIES

DATE :-

### 1.Fill in the Blanks

- The earliest humans lived during the \_\_\_\_\_ Age.
- They used tools made of \_\_\_\_\_.
- Early humans were nomads moving from place to place in search of \_\_\_\_\_.
- The discovery of \_\_\_\_\_ helped early humans cook food and stay warm.
- Early humans painted on the walls of \_\_\_\_\_.

### 2. True or False

- Early humans lived in permanent houses. (True/False)
- The earliest humans were known as Homo sapiens. (True/False)
- Stone tools were used by early humans. (True/False)
- Early humans only ate plants. (True/False)
- Early humans traveled in small groups. (True/False)

### 3. Match the Column-

A	B
a) Stone Age	(i) Paintings on cave walls
b) Nomads	(ii) Tools made of stone
c) Fire	(iii) Moving in search of food
d) Cave Art	(iv) Early humans
e) Homo sapiens	(v) Cooking and warmth

### 4. Answer in one word-

- Early humans primarily lived in?
- The Stone Age is divided into how many parts?
- Where have some of the most famous cave paintings been found?

### 5. Answer the following Questions-

- Why is the story of humans on the Earth interesting?
- Name the tools used during different phase of the Stone Age.
- Define the terms-
  - Hominins
  - Homo sapiens.

## Answers

### Fill in the Blanks

a) The earliest humans lived during the **Stone** Age. b) They used tools made of **stone**. c) Early humans were nomads moving from place to place in search of **food**. d) The discovery of **fire** helped early humans cook food and stay warm. e) Early humans painted on the walls of **caves**.

### True or False

1. Early humans lived in permanent houses. (False)
2. The earliest humans were known as Homo sapiens. (True)
3. Stone tools were used by early humans. (True)
4. Early humans only ate plants. (False)
5. Early humans traveled in small groups. (True)

### Match the Column

A	B
a) Stone Age	(ii) Tools made of stone
b) Nomads	(iii) Moving in search of food
c) Fire	(v) Cooking and warmth
d) Cave Art	(i) Paintings on cave walls
e) Homo sapiens	(iv) Early humans

### Answer in One Word

1. Early humans primarily lived in? **Caves**
2. The Stone Age is divided into how many parts? **Three**
3. Where have some of the most famous cave paintings been found? **Lascaux**

### Answer the Following Questions

a) **Why is the story of humans on the Earth interesting?**

- The story of humans on Earth is interesting because it shows the evolution of our species, the development of tools and technology, and the ways in which humans have adapted to and changed their environment over time.

b) **Name the tools used during different phases of the Stone Age.**

- During the Paleolithic phase: Hand axes, choppers, and flakes.
- During the Mesolithic phase: Microliths and composite tools.
- During the Neolithic phase: Polished stone tools, sickles, and grinding stones.

c) **Define the terms:**

1. **Hominins:**

- Hominins are members of the biological family Hominidae, which includes humans, their ancestors, and other extinct relatives.

2. **Homo sapiens:**

- Homo sapiens is the scientific name for modern humans, characterized by their advanced cognitive abilities, use of language, and creation of complex tools and societies.
